# **General Continuing Medical Education Information**

# Biological & Chemical Warfare & Terrorism: Medical Issues and Response Satellite Videotape Course (2001)

# Sponsored By US Army Medical Command

#### **Accreditation Statement**

The US Army Medical Command is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

This CME activity planned and produced in accordance with the ACCME Essential Areas.

## **Credit Designation**

The US Army Medical Command designates this educational activity for a maximum of **12.25** category 1 credits toward the AMA Physician's Recognition Award. Each physician should claim only those credits that he/she actually spent in the activity.

#### Statement of Need

The planning committee for this activity has determined that a need exists to provide increased training in the Medical Management of Biological & Chemical Warfare & Terrorism in Medical Issues and Response. This is a course that is needed to sustain skills learned in the Medical Management of Chemical and Biological Casualties Course, as stated in the planning of the MMCBC course: "The MMCBC Course skills shall be sustained (3-5 years) via CD ROM, VTT, VTC, correspondence, in-house course, and road shows."

#### **Learning Objectives**

At the conclusion of this activity, participants should be able to:

- 1. Recognize the military terms for and the clinical effects of chemical and biological agents.
- 2. Identify means of therapeutic intervention in both a medical center and a field environment.
- 3. Identify methods of managing contaminated and uncontaminated casualties in a field environment or a fixed medical facility.
- 4. Identify the historical aspects of chemical agents use in warfare and realize chemical and biological warfare capabilities practiced in the world today by countries or by terrorist groups.

## **Intended Audience**

This course is designed for Medical and Nurse Corps officers, physician assistants, Medical Service Corps officers in specialties 67B, C, or E, and other selected medical professionals.

#### **Disclosure of Faculty Relationships**

As a sponsor accredited by the ACCME, it is the policy of the US Army Medical Command to require the disclosure of the existence of any significant financial interest or any other relationship a faculty member or a sponsor has with the manufacturer(s) or any commercial product(s) discussed in an educational presentation.

**Theodore Cieslak** No information to disclose.

**Jonathan Newmark** No information to disclose.

### Disclosure of Unlabeled/Unapproved Uses of Drugs or Devices (if applicable)

Notice: In accordance with the ACCME Standards for Commercial Support, the audience is advised that one or more presentations in this continuing medical education activity *do not* contain reference(s) to unlabeled/unapproved uses of drugs or devices.

The following faculty will discuss unlabeled/unapproved uses of drugs or devices in their presentations:
- None.

### **Acknowledgement of Commercial Support**

There is no commercial support associated with this educational activity.

## **Disclaimer Statement (optional)**

The opinions and recommendations expressed by faculty and other experts whose input is included in this program are their own. This enduring material is produced for educational purposes only. Use of the US Army Medical Command name implies review of educational format design and materials only.

# **Enduring Material:**

Original Release Date 24 January 2003 Review Date 22 January 2005 Expiration Date 21 January 2007

Estimated time to Complete this

Educational Activity (hours) 12 hours

Method of Instruction Video Cassette (VHS)

#### **Evaluation:**

Comprehensive exam for this activity can be taken online at http://ccc.apgea.army.mil/default.htm.

Evaluations of this activity must be submitted online at https://apps.mods.army.mil/CMEWeb/Secured/.
